

VOLUME 5 MARCH 1, 2009

MOULDING: WHAT ARE YOUR OPTIONS?

There are many different styles and looks you can achieve through the use of mouldings and woodcarvings. Creative Millwork is here to supply you with high quality material from White River Hardwoods and Koetter Woodworking to bring your vision to life.

There are many different product lines available in today's market. We highly recommend White River and Koetter Woodworking, Inc. for all of your needs.

White River was founded in the mid-seventies to serve those looking for elegant hardwood mouldings and hand-carved wood carvings. You will find classic, Old World Styles and embellished mouldings included in their product line. Embossed and hand-

carved pieces can be used in any room to make an elegant, impressive statement. Whether you are a homeowner, interior designer or a builder, White River offers thoughtful solutions that ensure architectural excellence, quality, and lasting beauty.

Koetter Woodworking Inc. was established in 1959. Their products are high quality and environmentally friendly. Over the years, destruction of our world's forests has become a concern. Koetter Woodworking has taken action in order to secure forest resources for the future. Koetter has obtained certification through the Forest Stewardship Council (FSC) which means they can

supply you with an unmatched selection of FSC certified millwork products. By purchasing products with the FSC label, you are supporting the growth of responsible forest management worldwide.

Koetter products come with the Koetter Brand Certified logo. This insures you are receiving products that meet demanding guidelines for quality, consistency and repeatability. Koetter Brand Certified represents their commitment to practice and education of the importance of sustainable forestry management.

MARCH 2009

SEMINAR

Creative Millwork will be hosting a free seminar in March featuring Marvin Windows and Doors and Trustile Doors.

Learn Marvin installation techniques, the correct way to measure for replacement windows, Marvin's ordering process and more.

Trustile Doors will show you how to make your homes stand out from the rest, at a fraction of the cost of other upgrades.

For more information or to register, please visit our website .

THE GREEN CORNER

It doesn't take a lot of money or extra time to build a "green" home. Here are a few tips you can use to make every home greener.

1. Build for your region. Light colored exteriors reflect heat from the sun in warmer regions and dark colors will absorb heat in colder regions.
2. Choose materials that are recycled, reusable and durable. You can also minimize reusable waste by contacting a salvage company to pick it up or look into recycling options.
3. Energy-efficient appliances and high grade insulation cut energy costs throughout the life of the home.

Office Hours

Our office is open
Monday-Friday from
8am -4:30pm
